## Editor-in-Chief's Vision

Dear lovers of their Creator; the Creator of this vast, perfect, spectacular and great universe, the Creator of the organs of our bodies, the Organizer of the galaxies, the blood circulation, and the organs of our body,

Who is the Great Creator?

Our earthly life determines the last destination of each person. It determines whether he/she is righteous who deserves to live eternally in Paradise, or whether he is a criminal who deserves to live eternally in Hellfire.

Allah allowed Satan to whisper to people to test them.

Satan spreads lies, hatred, and hostility to mislead people, so what Satan fears most is the voice of truth.

We aim through this platform to reveal this, if Allah wills

## 1) - Being a Jew is the biggest lie!!

According to the Jewish doctrine, Jewish descent is matrilineal, even if a person does not believe in the Torah!! This means that Paradise and Hellfire are reserved for a person through his mother and not through his beliefs and actions.

For them, religion, unlike Islam and Christianity, is inherited and is not based on beliefs and actions.

Through this, religion becomes a stroke of luck, just like nationality, gender, appearance, skin color, language, etc.

\*\*\* Let's raise an important question: Who was the first Jewish mother, then?

Indeed, Sarah, the wife of the Prophet Abraham, was not Jewish, as Judaism was not present at this early time. The wife of his son Ishaq and the wife of his grandson Jacob were not Jewish as well!!!

Do they assume that Eve, Adam's wife, was Jewish!! This means that the entire world is Jewish!!!! Who is the first Jewish mother, then?

This is illogical! How did the Jew exist on the surface of the Earth?

#This is an obvious question to which the Jews should find an answer: Who was the first Jewish mother? How could she be Jewish when her mother herself was not Jewish?

This issue alone is enough to negate the Jewish doctrine completely.

The question is: Who was the first Jewish mother of this Jewish offspring??!!??

Is the State of Israel a criminal gang?

2) - The Jews claim that they are the only humans and the rest of the world are all animals in human form to serve them!!

This is the Jewish doctrine.

Their rabbis deceive them by highly praising them and belittling others to please them, just like the influence of a man flirting with a woman by telling her: "You are the most beautiful woman in the world and the rest are ugly!!" so she will emotionally attach to him.

Are humans seen as animals in human form?

Biologically speaking, this is completely wrong.

In terms of the Divine justice, this is impossible.

This illogical idea is derived from the rabbis' claim that the Jews are the chosen people!!

We do not understand why they are chosen!

On what basis did Allah choose them instead of the rest of humanity?

When will the Jews wake up from the illusions, myths, and illogical ideas with which they deceive them??

For example, Netanyahu is not bothered about the killing of his captives, the killing of his soldiers, the economic crisis due to the disruption of tourism and industry, and the maintenance of his country's or people's wellbeing.

He only cares about the continuation of the war,

because when the war ends, they may fire him from his position and accuse him of corruption. His end will be in prison.

= When will the Jews wake up? They are the most deceived people in the world!!

- They are deceived by their politicians who always twist the truth.
  - They are deceived by their rabbis who convince them that they are the chosen people and that *the Jews are called human beings, but the non-Jews are not humans. They are beasts* in human form to serve them, and that Palestine is their land and not the land of the sons of Ishmael, and that the Temple is under Al-Aqsa Mosque. All these lies aim to ignite wars and to keep the Jews around the rabbis.
  - They are also deceived by the West, who persuaded them to live with the Arabs in order to get rid of them and keep them away from them, and to fight with the Arabs so both parties would perish!!
- = When will the Jews be aware of the deceiving politicians, rabbis and Europeans?
- Are they the chosen people???

Isn't that unfair to other people? Is Allah unjust? Far be it from me to say this - Perish the thought!

If Allah has chosen and distinguished them, then why did He not create them with wings and light....?

Let's raise a logical question: Does Allah oppress the rest people of the next generations?

On the other hand, humans are created equal in Islam and Christianity.

Allah Almighty really loves those who are mindful of Him. As for appearance, gender, color, race, nationality, and language, they are divinely prescribed and are out of our hands.

### 3) – Let's raise a significant question: Is Hamas a terrorist organization or a liberation movement?

When anyone struggles against occupiers and plunderers,

the occupiers accuse him of terrorism

Traitorous media professionals call him a troublemaker, a terrorist and a spy....

However, after becoming victorious, they gladly call him a superhero!

We witnessed this in the struggle of Charles de Gaulle during the Nazi German occupation of France.

Ironically enough, he was at that time occupying Algeria, killing millions of the revolutionary Algerian people, and accusing the revolutionaries of terrorism as well!!!

In addition, Menachem Begin, the Prime Minister of Israel, was the leader of the Irgun

terrorist group that bombed the King David Hotel in Jerusalem and killed 60 Britons. As a consequence, begin was at the top of the “wanted” lists for Britain to be arrested as a terrorist. After becoming the Prime Minister of Israel, England welcomed him as the leader of a democratic state and not as the leader of a terrorist group that killed Britons in The David Hotel bombings and many other terrorist operations!

The question is:

Is Hamas a terrorist organization, as the West claims, or is it a liberation movement that struggles and takes revenge, as Recep Tayyip Erdogan, the Turkish President, announced? It is, in fact, a liberation movement against the occupation forces which for 70 years made the Palestinian people suffer from the siege and forms of torture, abuse, plundering and rape.

The West is questioning each other about the Al-Aqsa Flood Operation that took place on October 7, instead of questioning each other about the 70 years of an occupation full of torture, abuse, rape, burning, arrests, killing and plundering!!

#What do you think: Is Hamas a terrorist organization or a liberation movement?

#### 4) - The Jews curse the Prophet Abraham, while Muslims send blessings to him!!

In Judaism, the only one who is allowed to inherit his father is the firstborn son. The media all over the world is attacking Islam because everyone inherits from their father, as the son is given twice as much as the daughter!! They are overlooking the Jewish legislation which grants all the inheritance to the eldest son only neglecting the rest of his brothers and sisters. In addition, a widow, according to the Jewish legislation, is given to her brother-in-law, as if she is an animal or a piece of furniture!!

Most importantly, their legislation promotes that our Prophet Ishmael, the son of our Prophet Abraham, inherited the prophecy because he is the eldest son. For them, even prophecy is inherited!!

How do they deviate from the right path? (As usual)!

They claimed that Sarah, the wife of our Prophet Abraham, allowed him to commit adultery with Hagar, her Egyptian maidservant so that she would bear him a son!

Since our Prophet Ishmael is the illegitimate son, according to their claim (Far be it from me to say this - Perish the thought), he becomes cursed, illegitimate, and outcast according to Jewish legislation. Thus, our Prophet Isaac, for them, becomes the eldest son and the legitimate heir of Abraham.

Thus, they twist the truths to gain others' rights. They stole prophecy, fabricated their religion and even accused our Prophet Abraham of adultery!!!

According to their religion, they accuse our Prophet Abraham of adultery, and therefore he is cursed.

# However, their Torah warns those who curse Abraham,

and glorifies those who glorify him.

Jews curse our Prophet Abraham by accusing him of adultery.

Who are those who glorify our Prophet Abraham?

They are Muslims. Muslims glorify our Prophet Abraham 9 times in their five daily prayers!!

In fact, these are the followed strategies of Jews to deceive and steal.

## 5) - Science reveals the false religion and the true religion (i.e. Hinduism)

I am specialized in scientific comparison, especially the science of comparative religion.

I do not study different doctrines from a religious perspective because they will all be similar in calling for peace, love, brotherhood, cooperation...etc.

However, most of their followers do not act according to their beliefs!!

Instead, I focus on scientific aspects only.

All doctrines originated hundreds or thousands of years ago.

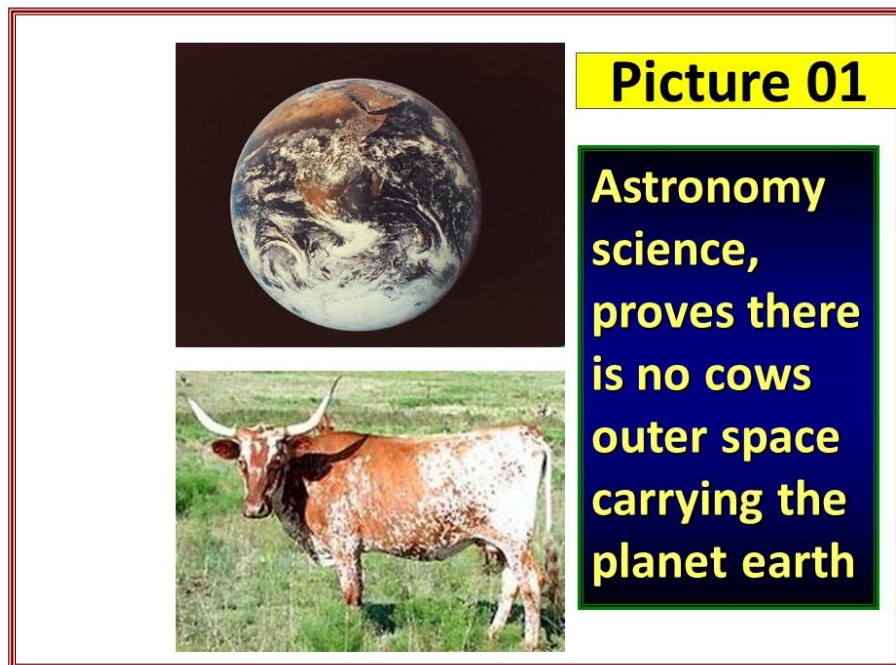

If you find scientific errors in a doctrinal book, this means it is not sent by the Creator of this mighty, for Allah makes no mistake.

Yet, if you find a book that contains a scientific miracle and mentions correct and real scientific facts, then it is definitely the book of Allah.

Hinduism, which is practiced by more than a billion people, is a good example.

In India, most of them sanctify the cow because, in Hinduism, the earth is carried on the horn of a bull!!

Yet, we can spend five seconds contemplating an image of the Earth flying in space without a bull carrying it, not even a goat [Picture 01](#)

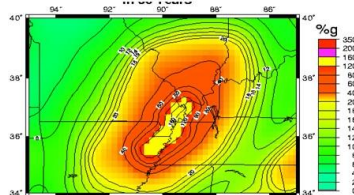

In addition, they also believe that the earthquake means that the cow moves the earth from one horn to another until it rests

itself and distributes the load. Yet, if we search for ten seconds we can understand that the earthquake results from the rupture of some rocks in the ground directly beneath us, and the vibrations occur in a specific area and not over the entire planet, as they believe [Picture 02](#), [Picture 03](#)

**Picture 02**

Earthquake plan in 2002, shows the specifics places

**Picture 03**

Thus, science, in just fifteen seconds, made it clear to us that Hinduism is completely false; it was fabricated by ignorant Hindus and is certainly not from the mighty Lord of this universe.

Similarly, we can determine whether the Holy Bible and the Holy Quran are from Allah Almighty.

## 6) - Science proves that the contemporary Torah is completely forged.

In the Holy Bible, the heavens and the earth will pass away and not a single letter in the Book will be changed... but science has proven the opposite!!

We all trust science, which has greatly benefited us in various aspects of our lives. Science is capable of guiding us towards the Divine Revelation by searching for scientific miracles. It is also capable of revealing forged books that are deliberately wrongly attributed to Allah by proving scientific errors!! Can the Lord of this mighty universe make a mistake!!??

There are many examples of scientific errors in the Bible that prove that it is not a Divine Book sent by Allah, because Allah, the Creator of this mighty universe, makes no mistake.

I will mention them as examples only but not limited to:

\* Important note: I will not talk about people's actions, but rather about what is written in the book of their Lord.

1- You will be surprised by what is mentioned in the Book of Genesis. It is written that *in the beginning, God created the heaven and the earth* on Sunday, and then He created the sun on the fourth day, which is Wednesday. How could there be Sundays, Mondays, Tuesdays, and Wednesdays before the sun existed??!!??

Everything is supposed to be completely dark, as there is no morning or evening. Rather, it is written: There was morning and there was evening on the first, second, third and fourth days. So, how could there be morning and evening without a sun? ([Genesis 1-4:16](#)) [Picture 04](#)

## Picture 04

The days of creation are not 23:56:04  
In the holy Quoran they are giant periods

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

2- It is also written in the Book of Genesis in the ninth chapter that after God drowned Noah's sinful people, He foresaw the wickedness of it. Thus, He created a rainbow as a reminder that God had pledged that He would never do this heinous act!!

= This means that God does not know the unseen because He made a mistake!!

It means that God is evil... Far be it from me to say this - Perish the thought!

It also means that God regrets... Far be it from me to say this - Perish the thought!

It also means that God forgets... Far be it from me to say this - Perish the thought!

What are all these insults and allegations against Allah Almighty? This is a plot from Satan, the enemy of Allah, who did not hold Allah Almighty in His true esteem.

\* VIP: It is worth noting that we know that in Judaism Noah's flood occurred only about 6,000 years ago, while scientifically the rainbow is a physical phenomenon that was created with the planet Earth 4.5 billion years ago! It is the splitting of white light into a natural spectrum of seven colors from red to violet, passing through water droplets, fountains, waterfalls, or glass prisms. How could it be created after Noah's flood only 6,000 years ago, as they claim? ([Genesis 9:13-16](#)) [Picture 05, 06, 07,08](#)

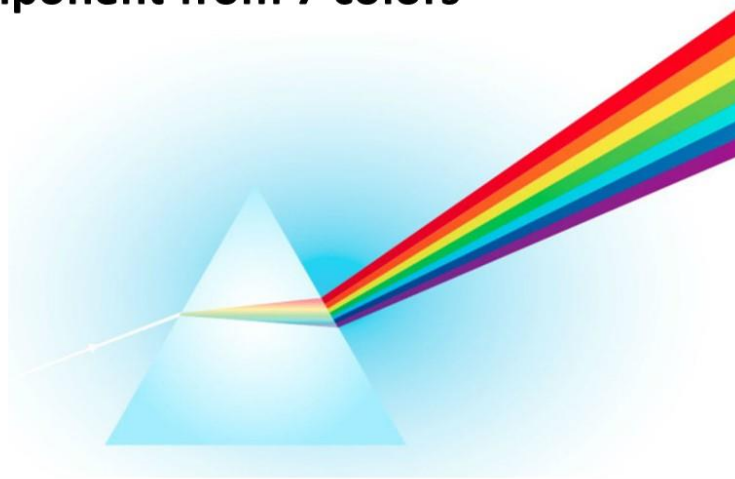

<sup>14</sup> Whenever I bring clouds over the earth and the rainbow appears in the clouds, <sup>15</sup> I will remember my covenant between me and you and all living creatures of every kind. Never again will the waters become a flood to destroy all life

**But the rainbow is 4.5 billion years old !!  
Because it is a physic phenomena**

**Picture 06**

**Scientifically, any white light is component from 7 colors**

## Picture 07

**The rainbow is obviously clear even over a waterfall ..**

## Picture 08

**Then .. We  
found a lot of  
cities and  
civilization  
think  
beneath the  
water !!  
Where is the  
God  
covenant ?**

**3- It is also written in the Book of Genesis that  
God called the light day and called the darkness  
night!!**

However, light is made up of photons, and daylight is the scattering of photons of light within the atmosphere.

In addition, darkness means the absence of the photons, as night means that the atmosphere is devoid of photons of light.

In fact, the forger of the Bible, out of his extreme ignorance, overlooked the necessity of the existence of an atmosphere.

If you entered a room, would you say, “I will turn on the daylight,” or would you say, “I will turn on the light!”?

If you went down into a dark basement in the middle of the day at 12 pm, would you say we are at night or would you say we are in darkness!?

Being on the moon, we say the bright part and the dark part, and we do not say day and night, or morning and evening because it has no atmosphere.

The devilish people who fabricated the Bible were totally ignorant, as they did not know that day and night necessarily entail the existence of an atmosphere.

Thus, they asserted that light is day and darkness is night!!! (Genesis 1:5) [Picture 09](#)

### Genesis 1

### Picture 09

<sup>5</sup> God called the light “day,” and the darkness he called “night.

Sorry: for day and night should have an atmosphere !!!

The light is not the day !!

The night is not the darkness !! How wrote the Bible exactly ??

These are just a few examples, as there is no room for mentioning other examples. If you read the Bible, you will discover that it is full of scientific fallacies.

Is this the Book of God that they follow and fight for?!

## 7) - Science reveals the true religion of Allah and that the Holy Quran is truly a Divine Revelation.

The Holy Quran was revealed to the Prophet Muhammad 1444 years ago. However, we find nowadays more than 1,000 Quranic Verses talking about scientific facts that we discovered in the 20th century in the fields of astronomy, physics, chemistry, geology, geography, etc.

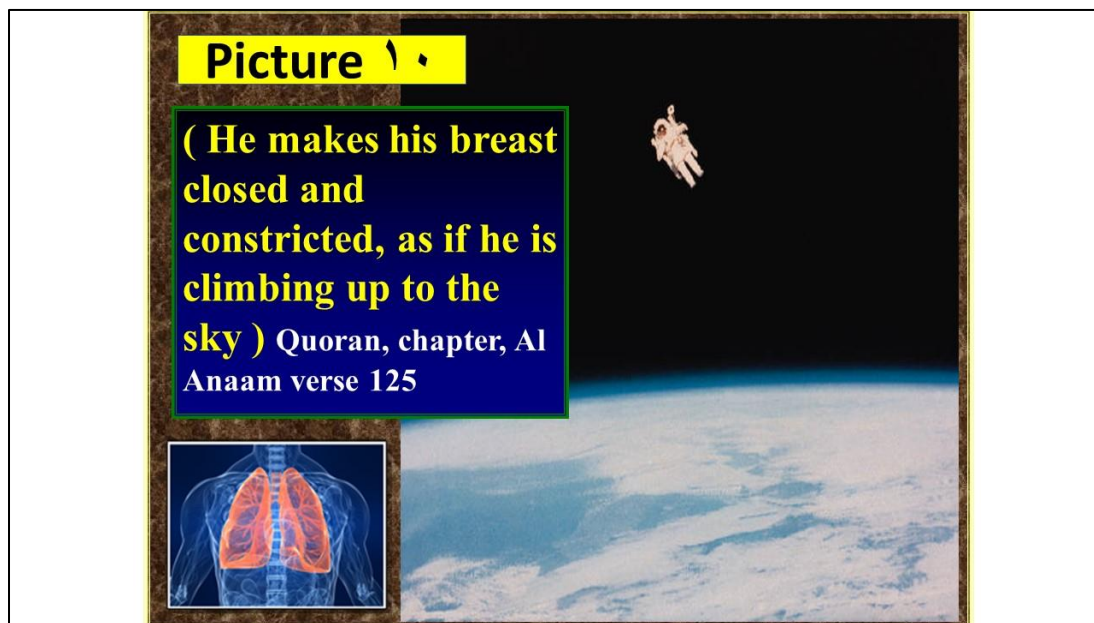

This explicitly proves that the Quran is the Words of Allah and not written by the Prophet Muhammad (PBUH).

We will mention some examples, yet, they are many. For example, but not limited to:

1- A Quranic Verse depicts people climbing up into the sky with chest tight and constricted. In fact, as we climb something, the oxygen in the air and the pressure decreases. Thus, the first symptom that afflicts a person is shortness of breath due to insufficient oxygen. This makes

his heart tight and constricted. We cannot assume that finding two scientific facts in a Quranic Verse is strange. First, the Verse contains an astronomical fact proving that when climbing up into the sky the air decreases. Second, It also contains a medical fact that when climbing up into the sky the chest is badly affected; the lungs suffer during the inhalation process, while the rib cage suffers from the lack of external pressure.

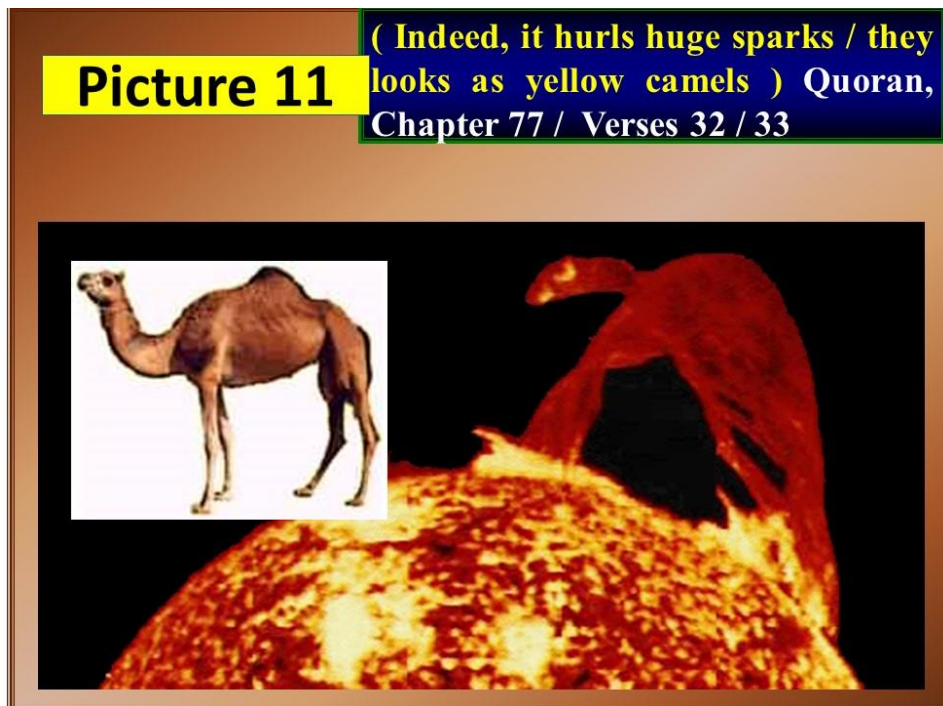

What is truly strange is how an example is given 1444 years ago depicting people climbing up into the sky!!!! ([Quran-6:125](#)) [Picture 10](#)

2- The Skylab spaceship was launched in 1973 to conduct research in space away from Earth's gravity. When taking pictures from above the atmosphere to reach high quality apart from the atmosphere including dust, dirt, and fog, they took a picture of very large sparks with a size of 40,000 globes. It is extremely large and completely resembles the shape of a camel. What is amazing is that it was described 1444 years ago in the Noble Quran!! How is that? (Picture attached) ([Quran- 77:32](#), [Quran- 77:33](#))

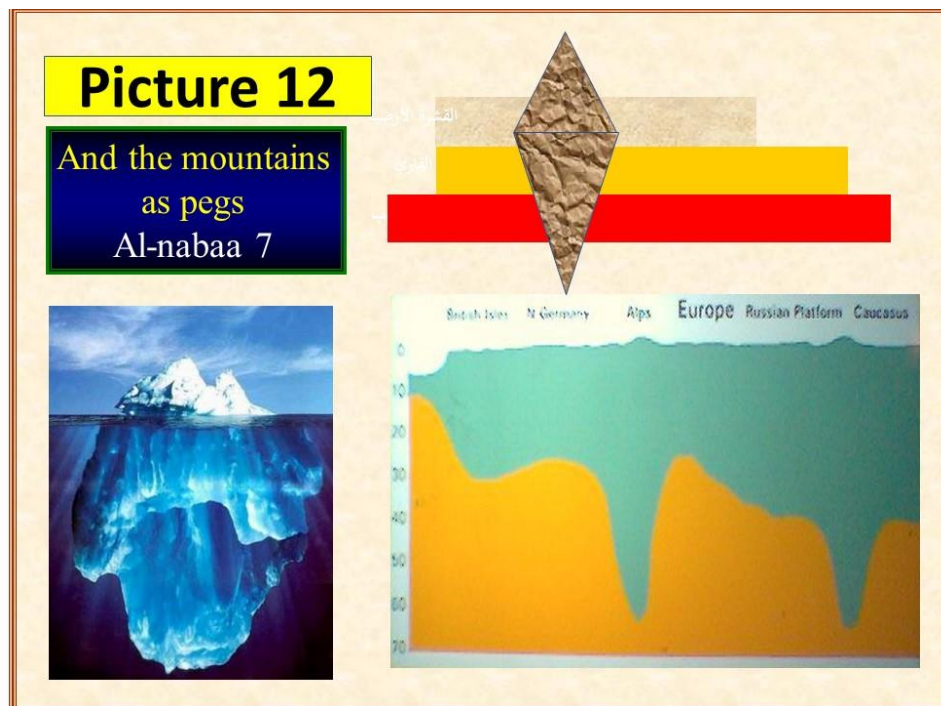

### Picture 11

3- In the field of geology, we find a Quranic Verse of only two words indicating that what we see of the mountains are just their peaks, as the mountains have roots and pegs. This is a contemporary discovery!! How? Is it possible that the Prophet Muhammad (PBUH) is the one who wrote the Quran? Or were these words revealed to him from outside the Earth?!

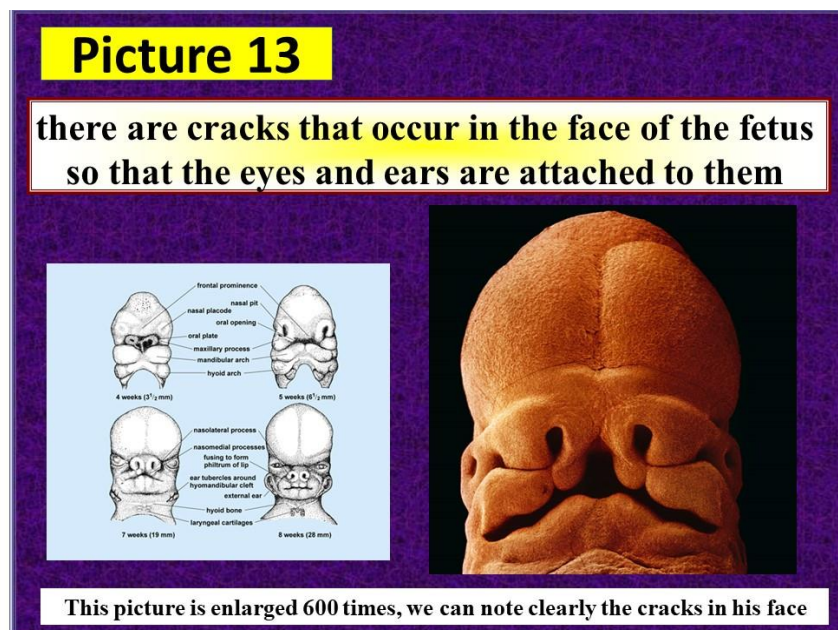

([Quran-78:7](#)) [Picture 12](#)

4- In the field of Embryology, our Prophet Muhammad (PBUH) mentions that there are cracks that occur in the face of the fetus so that

the eyes and ears are attached to them. This is discovered after enlarging an image of a face of a 3-week-old fetus through a microscope. After enlarging the image 600 times, we can for the first time see the face of a fetus inside its mother's womb. In fact, this photo was taken by Professor Lennart Nilsson, a Swedish photographer, in 1976. How did the Prophet Muhammad (PBUH) know that?

Was the Quran written by the Prophet Muhammad (PBUH), or was it a revelation that came to him from outside the Earth? (Prophetic Hadith) [Picture 13](#)

5- Allah's Messenger (PBUH) also informed us that one of the signs of the Day of Resurrection is that people will compete in constructing tall buildings. Nowadays, we witness a huge competition for showing off the tallest skyscraper. This competition began in the United States of America and then most of the major cities around the world until it moved to the countries of the Arabian Gulf!! ([The Prophetic Hadith](#)) [Picture 14](#)

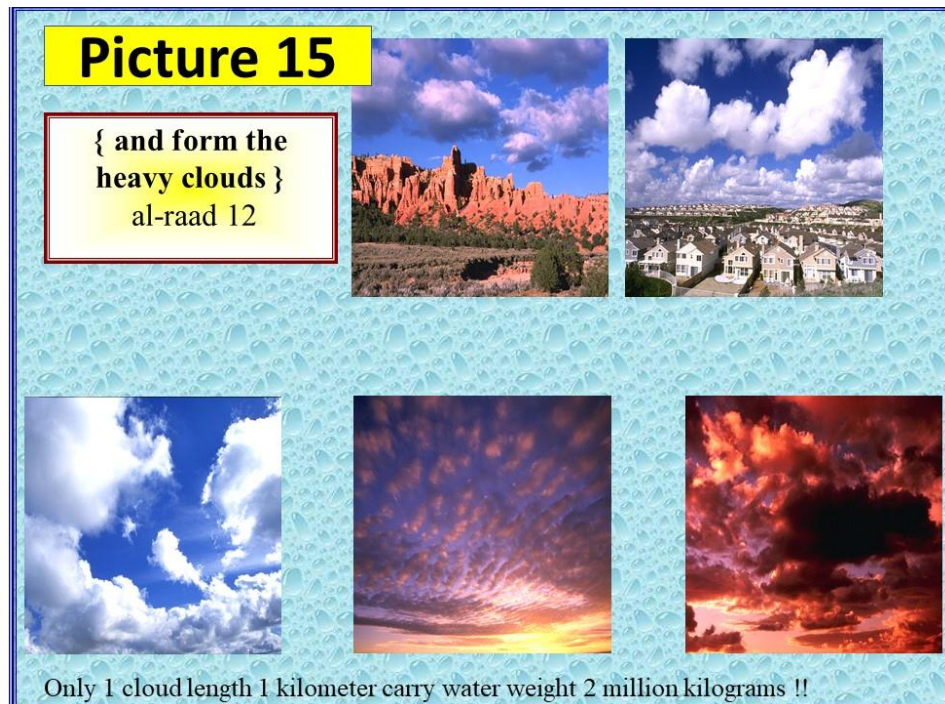

### Picture 14

**At the end , people will race who will build the tallest skyscrapers !!**

7 - The Noble Quran also indicated that the clouds are heavy!! We all thought that clouds

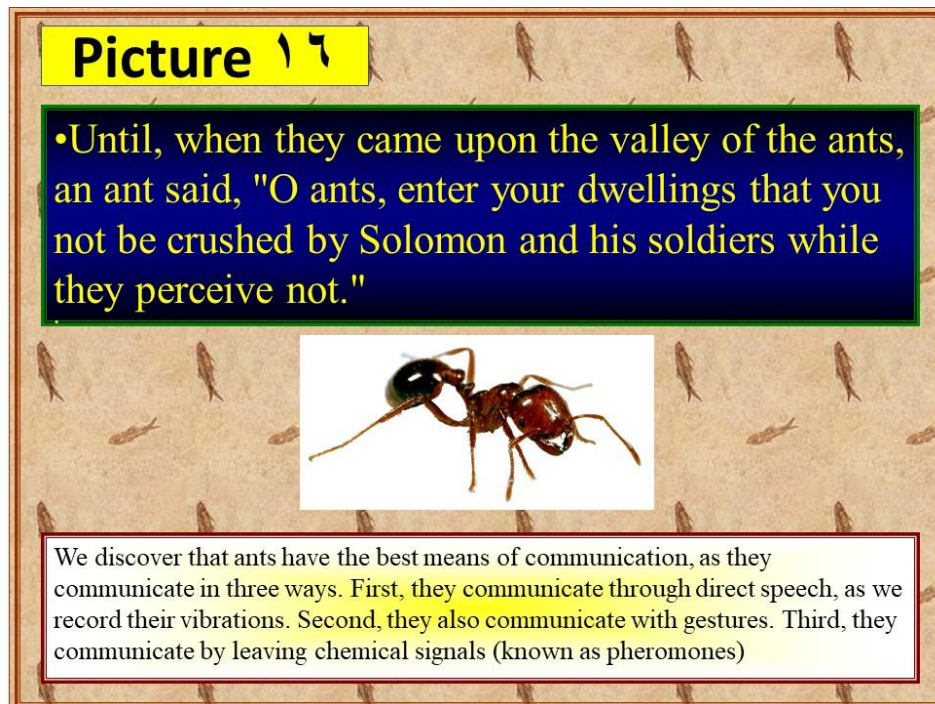

were light. Yet, climate scientists informed us that a 2-kilometre-long cloud carries water weighing approximately 10 million kilograms and that the clouds that fly above us in the atmosphere weigh a total of 10 trillion kilograms!! Who in the past would have dared to say that the clouds are heavy?! Those Quranic Verses are directed to us in our age; the age of science. This proves that the Quran is Divine..([Quran-13:12](#)) [Picture 15](#)

8- In the field of Zoology, the Holy Quran informs us that ants can speak. We discover

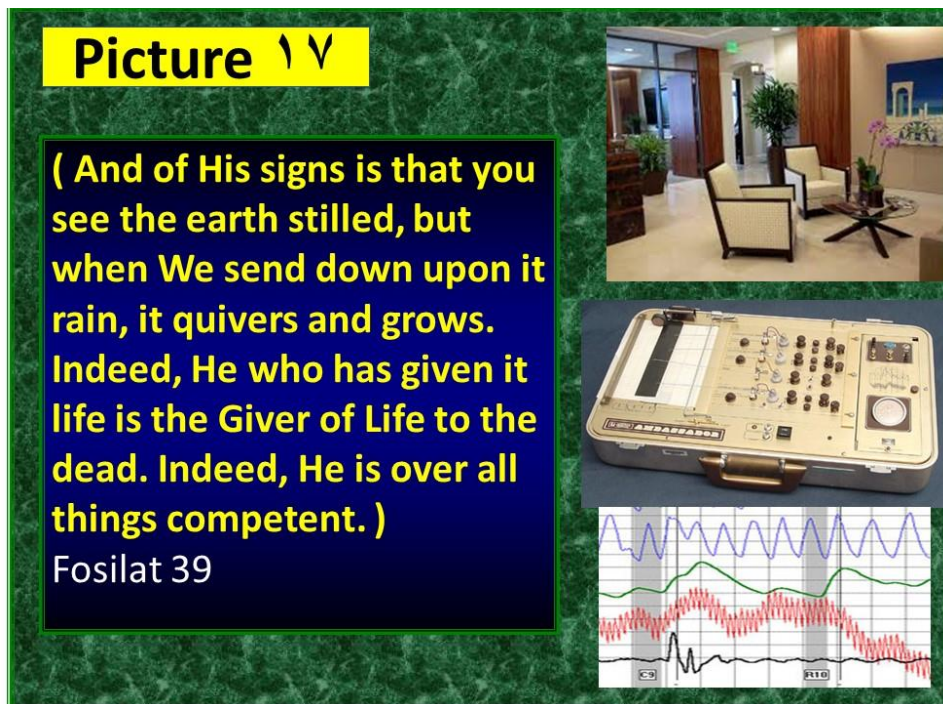

that ants have the best means of communication, as they communicate in three ways. First, they communicate through direct speech, as we record their vibrations. Second, they also communicate with gestures. Third, they communicate by leaving chemical signals (known as pheromones) indicating specific information agreed upon them!!! ([Quran-27:18](#)) [Picture 16](#)

9- Surprisingly, the Holy Quran states that the earth fears and rejoices when the rain falls!! Then, we discover that plants are alive like us,

yet more aware than us to the extent that they can read human thoughts!! The Quran also explains that when there is a lack of water, the earth becomes afraid, and when it rains, the plants rejoice ([Quran- 22:5](#)) [Picture 17](#)

10- The Prophet Muhammad (PBUH) also indicated that among the last signs of the Day of Resurrection is an intense fire which emerges from the bottom of the city of Aden to completely destroy the earth. After the invention of airplanes, the pilots noticed something shocking, which is that the city of

Aden is built on the most huge volcano crater they had never seen before!! Thus, Professor Ian Graham Gass, with the British Royal Mission, traveled to study the matter. After studying, he announced in 1964 what he had found and published it in Reader's Digest magazine. He stated that the city of Aden was indeed built on the world's largest volcanic crater!! Yet, everyone did not understand that this was the crater of the greatest volcano and thought it was just a flat land!! This volcano is much more powerful than the Krakatoa volcano that exploded in Indonesia in 1883. ([Prophetic Hadith](#)) [Picture 18](#)

The Verses of the Holy Quran and the Hadiths of the Prophet Muhammad (PBUH) inevitably confirm that the Prophet Muhammad (PBUH) is truly and definitely a Messenger from Allah, and that everything he said is truthful. All his sayings about the Day of Resurrection, Paradise, and Hellfire will inevitably happen. In addition, every letter in the Quran is from Allah Almighty, the Creator of this great universe.

## 8) Where is the so-called freedom in Europe and America they are proud of?

(i.e. the Holocaust and anti-Semitism!!)

Some Western countries published offensive drawings insulting the Prophet Muhammad (PBUH)!!

Only savages do that. Instead of reading and reflecting on the Prophet Muhammad's message like civilized and educated human beings, they prefer not to do so. The western countries claim that they defend freedom of opinion even if that freedom harms others!!

However, those countries set laws to prohibit those who reject the Holocaust, which its occurrence is a questionable issue.

In addition, they punish those who do not wear a seat belt in the car and does not consider it freedom.

Where is the freedom that Western countries call for!!

## 9) Is killing children and women Israel's self-defense?!

Since the outbreak of war in Gaza in October 2023,

We all witnessed the missiles destroying homes and killing children and women. Is this a legal way for Israel to defend itself? How could it be?!

Does self-defense refer to a war between two armies?

## 10) - Palestine also has the right to defend itself.

If Israel has the right to defend itself due to the Hamas attack in October 7, 2023

\*\*\* So, what about Israel's occupation of the lands of Palestine for 70 years!!??

What about the siege of Gaza strip for 17 years to be world's largest open-air prison?

What about the oppression the Palestinians facing while they claim that their state is democratic?

## 11) - Why do empires fall?

The United States of America formed a committee to study the causes of the fall of previous empires, in order to avoid this dark fate.

It is worth noting that they studied all the physical aspects overlooking the moral aspect!!

When immorality, injustice, arrogance, and oppression prevail internally and externally, Allah sends a punishment to perish, destroy and breakdown the empire.

By reflecting on the history, you can see the Pharaonic, Roman, British, and French empires, and how they slandered, plundered, and killed.

Feel free to talk about France where you can witness the injustice, murder, and oppressions against the peoples of the world.

## 12) The Jews' strategy to control the world

The password is (Ishtar)...

Nebuchadnezzar took away the Jews in captivity and sent them to Iraq.

Then, Cyrus, the ruler of the Persians, gained control over them. He met Ishtar, a playful Jewish girl, who seduced him. After falling in love with her, she convinced him to release the children of Israel, so he pardoned and released them.

Since then, their main goal has been to control the leader of the state by blackmailing him to force him do what they want. Some of them even claim to convert to the religion of the state in which he lives. They spend on him to promote him until gaining the presidency. Many of the rulers of the world are originally Jews, including some Arab and Muslim countries. The most prominent example was Kemal Atatürk in Turkey.

In fact, they work for the sake of the Jews and not for the sake of their countries!

There are many examples, yet there is no room to expose some of those rulers and their ministers.

Obviously, most of the American foreign ministers represent themselves openly as Jewish, as if they are created for this position!! Their aim is to let the Jewish lobby in America choose the nominated president.

13) - Does the Lord order them to kill, rape, torture, burn, plunder, exterminate and steal in order to come down to earth!!? What a Lord!!??

The Jews claim that the Lord promised them to descend to Earth under one condition, which is that Israel becomes the greatest empire!! This is a lie to convince the Christians to support them in their wars against the Arabs.

The question is: Why does their Lord not be gracious and make Israel greater without all these tragedies and bloodshed?

Is He urged them to kill and annihilate the people He created in order to descend?

What kind of Lord is this Who calls people to war, destruction, and genocide? Are torture, pain and misfortunes necessary for Him to descend?!

Isn't it a very strange thing?

Rather, will the Lord of this entire great universe come down to Earth???

They are all superstitions and satanic plots because he hates humans, has a grudge against them, and hopes that they will destroy each other.

## 14) - Why does Europe blindly support Israel?

Europe created Israel in order to get rid of the Jews on its lands and exile them to another part of the world.

In addition, it intends to place them among the Muslim Arabs in order to get rid of both of them together.

Therefore, Europe and America are interested in fully supporting Israel's presence.

Even Joe Biden, the US President, and some of his supporters said publicly and literally: *"If there were not an Israel, we'd have to invent one."*!!

This means that Europe preceded America in inventing Israel.

The strange thing is that the Jews do not see that it is unfair for their Jewish children who die and live in terror, fear, and mental illness, while the children of Europe and America live their

childhood in joy, happiness, and safety. The Jews are not aware of this.

The West is deceiving the Jews, by putting them in the middle of the fire, yet convincing them that they are supporting them till the end because for the sake of their love for them and nothing else!!

The Jews are happy about this. They do not know that the Europeans are sacrificing them, and that the children of the Jews are the ones suffering.

The Jews established Protestantism supporting the existence of the Greater Israel. Then, the West allowed them to take the land. Support them, it convinced them to fight there, rather to die there!!!

## 15) - Who hunted whom, the Jews or Europe?

Here an important question arises: who hunted whom?

Were the Europeans the ones who deceived the Jews by convincing them that they were supporting them out of love?

Or

Were the Jews who established Protestantism the ones who deceived the Europeans and Americans and deluded them into thinking that whoever defends Israel is loved by God, and whoever opposes the Jews will perish by God?

And that the Lord will not descend unless the Greater Israel is established?!

It is truly a funny relationship similar to the man-woman relationship. Each of them believes that he is the one who defeated and convinced the other!!

## 16) - The Lord's promise is for the Arabs and not for the Jews.

The Lord blessed Ishmael as written in the Bible: He *"will make him fruitful, and will multiply him exceedingly."* ([Genesis: 17](#))

Nowadays, there are 2 billion Muslims and 20 million Jews, so who is the great nation that Allah has multiplied?

Nowadays, Muslims were the ones who inhabited the land and the Jews were exiled!!

To whom was the Lord's promise?

Do you want to say that the Lord does not know the future or the unseen?

The whole story is that the West deceived the Jews and wanted to keep them away.

They deceived them that they supported the establishment of Israel somewhere far away from them. They did not choose Ugandan,

Argentina, not even the Jewish state of Birobidzhan in the far east of Russia above China, nor in Europe or America. Rather, they chose for them a land among the Arabs to fight and destroy each other.

## 17) - The Jewish people are the most deceived people on earth.

Netanyahu is not bothered about  
the killing of his captives,  
the killing of his soldiers,  
the economic crisis due to the disruption of  
tourism and industry, and  
the maintenance of his country's or people's  
wellbeing.

He only cares about the continuation of the  
war,

because when the war ends, they may fire him  
from his position and accused him of  
corruption. His end will be in prison.

= When will the Jews wake up? They are the  
most deceived people in the world!!

- They are deceived by their politicians who  
always twist the truth.

- They are deceived by their rabbis who convince them that they are the chosen people, and that *the Jews are called human beings, but the non-Jews are not humans. They are beasts* in human form to serve them, and that Palestine is their land and not the land of the sons of Ishmael, and that the Temple is under Al-Aqsa Mosque. All these lies aim to ignite wars, and to keep the Jews around the rabbis.

-They are also deceived by the West, who persuaded them to live with the Arabs in order to get rid of them and keep them away from them, and to fight with the Arabs so both parties would perish!!

= When will the Jews be aware of all these plots?

## 18) - Satanic lies

After the outbreak of war in Gaza in October 2023,

they claimed that the Baptist Hospital was struck by a Palestinian missile!!

How ridiculous is this?

Israel ordered them to evacuate the hospitals and threatened to strike them all, and it struck other hospitals before it. Then when the hospital is bombed, they deny any accusations!! They even blame the Palestinians!! In addition, they claimed that Hamas headquarters are under hospitals. Will Hamas attack its headquarters, then?!

Similarly, after the assassination of Shireen Abu Akleh, a famous Journalist, they accused the Palestinians!! How ridiculous is this?

Joe Biden, the President of America, who is a very old man, confirms their words in front of the whole world without investigation or

evidence!!

However, the force of the missile explosion indicates that it is an Israeli missile, because the power of Hamas missiles is small, weak, and very limited.

These lies were preceded by publishing fake pictures that the Palestinians beheaded 40 Israeli children!! After some Israeli journalists published them, Joe Biden out of pity spread this news as if he is sure about it!

What are all these blatant lies? I think Satan himself cannot fabricate all these lies?

They are true liars.

They mislead the Jews before they mislead the entire world.

This man called Joe Biden believes them and defends them to gain their support in the 2024 elections. He is a traitor to his country and his conscience. He is a criminal.

## 19) - The Devil's Scenario

Because of his hatred towards the children of Adam, Satan is pleased when they fight each other.

They instructed the Jewish rabbis to spread this ridiculous lie stating that the Jews only are humans and the rest are animals in human form to serve them!!

In addition, they said that the Temple of Solomon is under Al-Aqsa Mosque to ignite wars between Muslims and Jews!! Is this what the Lord of the Jews wants? They deluded them that the Lord would come down (to earth) under the condition that Israel becomes the greatest empire!! They aim to wage a nuclear world war.

The Jews are blindly following the deceiving Satan.

As for the scenario that Allah loves, it is to build two states, each living in peace, security, cooperation, and respect.

## 20) - The wonder of wonders!

Israelis stir up hatred against their neighbours!!  
How foolish they are?

## 21) - Where is the global censorship?

The United Nations should intervene to review the educational system and curricula set for the Jewish children that stir up hatred against others, as they review the Arabs' curricula.

Jewish children are raised as they are the descendants of Sarah 4,000 years ago, and that the Arabs are the descendants of Hagar 4,000 years ago. Since Hagar was Sarah's maidservant, the Arabs are seen as slaves to the Jews (!! ) and must be humiliated and exterminated!! Therefore, the Jewish children, since their early childhood, are trained to fight Arabs!!!!!!

## 22) - Anti-Semitism: The laughing stock!

Western countries accuse everyone who rejects Israel of anti-Semitism!! We do not understand what is the problem in opposing the sons of Shem, son of Noah. It is worth noting that the Arabs are also descendants of Shem, son of Noah!! In fact, Arabs and Jews are both descendants of the Prophet, our Prophet Abraham.

They banned TV channels and websites that are against Israel's policies!!

It is ridiculous to say that anyone who opposes the policies of Israeli politicians is accused of anti-Semitism!!

This echoes the same belief stating that Jews are superior to humans, even though the Jews were the most humiliated during the era of the Pharaohs!!

## 23) - Are you on the right or wrong side?

In order to know whether I am right or wrong, I always imagine myself on the other side first to rethink and confirm my choice.

Imagine if a gang took over your farm and told you, “We are from India, and our Lord prescribed for us in our Holy Book that this farm is ours, so you better leave with all your family, or we will arrest you, rape your wife, and kill your children...

What will you do?

I ask every American and European to ask himself this question and honestly answer himself. Is this a reasonable action?

## 24) - My wish

#I wish every human being not to be like Pharaoh who saw the sea splitting for Moses but insisted on arrogance, disbelief and disobedience.

We have all now seen the truth; a book from 1,444 years ago that contains the latest discoveries in various fields of science! How could this be unless this speech is from outside the planet Earth; from Allah, Lord of the Worlds...?

## 25) - Conclusion

# What I truly hope for is that the Jewish people will open their eyes to know the truth. The first to be affected are the children of the Jews who live in constant fear, terror, and psychological illnesses. They kill and are killed!! May they open their eyes before their politicians, rabbis, and Western countries annihilate them!!
